

# Stopping smoking doesn't need to be hard

Despite reports that nearly one third of the US population has been treated with acupuncture, Chinese herbs, or both; it still remains a little known fact that in addition to treating practically every disease known to man, Chinese Herbology, also has a long history of success treating addiction in its various forms. In fact, traditional Chinese medicine's use of herbal formulas for treating opium and alcohol addiction can be traced back thousands of years.

In more modern times, Chinese herbalists have borrowed from the repository of prescriptions used by their ancient predecessors for treating opium addiction, and are using these same classical herbal formulas to treat modern day addictions.

Here at seaofchi.com we use these same formulas that have proven success in eliminating cravings and dramatically reducing withdrawal symptoms.

**If you don't want to do it for yourself,  
do it for your children!**

## ***Is it hard to stop smoking?***

The simple answer is that it doesn't have to be. Chinese herbal therapy can take that desire you already have to stop smoking and make it work for you, helping you to change ... helping you to stop smoking successfully.

Chinese herbal therapy significantly reduces the nicotine withdrawal symptoms associated with stopping smoking such as: headache, drowsiness, fatigue, nervous jitters, difficulty concentrating and depression – using two unique formulas. First we use a pill formula known as **Bai Zi Yang Xin** to calm the nicotine cravings as well as deal with the symptoms of

withdrawal, and we combine its use with **West Lake Smoker's Support** a pleasant tasting tea formula that calms the user and provides relief from nervous jitters and the urge to smoke.

**Our all natural Chinese herbal formulas  
will eliminate your cravings and  
all the withdrawal symptoms**

However, it should be understood that stopping smoking can't be done overnight. Expect treatment to last 60-90 days or longer. Therefore, both formulas are recommended for long-term use (for a minimum of 90-days) to allow the body to gradually withdraw from nicotine. With that thought in mind, we have discounted pricing on these formulas to make long term use affordable.

### **Bai Zi Yang Xin Wan**

A patent herbal formula containing 200 pills per box, one box will last 8 days and costs **\$8.99** item # 71B. The price for long term use has been discounted (60-days) **\$69.99** item # 71B60. INGREDIENTS - Biota orientalis seed, Lycium chinese fruit, Scrophularia ningpoensis root, Rehmannia glutinosa root, Ophiopogon japonicus tuber, Angelica sinensis root, Poria cocos fungus, Acorus gramineus rhizome, and Glycyrrhiza uralensis.

### **West Lake Smoker's Support Tea**

A patent herbal formula containing 8 tea bags per box, one box will last 4 days and costs **\$9.99** item # N20. The price for long term use has been discounted to (60-days) **\$155.99** item # N2060. INGREDIENTS - Chinese green tea, Lotus seed, Chinese ginseng leaf, Chinese asparagus, and Licorice.

**Many of our customers swear by this two-formula approach and we wish you the same success. If you'd like to know more about either formula, or if you would like to purchase, please give us a call or send an email. We look forward to hearing from you.**
